Thanks Gary. I will do my best to get a review completed on the document. It does help to know that there is some more time available to review this document with the Oct. 12th deadline. I need to go down load the document.

Also, I will be at EPA on Wednesday and Thursday. I will be in meetings a lot those two days, but drop by if you have any questions or concerns.

Take care.

Folks,

The draft Feasibility Study for San Jacinto was just posted. I would appreciate you review/comment on this by 10/11/2013 so we can discuss any remaining issues prior to sending the final comments to the PRP group.

Thanks,
